2022 STAND TOGETHER

How do nonprofits survive? Statistics show that fewer than 50% make it past the 10 year mark due to ineffective leadership and planning. They need a community that stands with them to reach their potential. Donors, yes. Volunteers, yes. And more. With your support, 268 nonprofits received coaching and no-cost training in 2022 that emphasized Biblical truths, wisdom, and sound business practices to advance their mission!

ASSESSING

One of the best gifts we can give each other is a true understanding of ourselves. In 2022, a record number of 124 organizations and 566 individuals completed the Annual Baseline Health Assessment (BHA) and we came alongside 16 organizations in facilitating in-depth BHA reviews, conversation, and next steps.

TRAINING

Thanks to our highly engaged community, we were able to launch PathWay in 2022. We saw 35 organizations benefit from core courses and best practices shared by lawyers, consultants, and various nonprofit leaders. Learn more about PathWay here: <https://pathway.missiontriangle.org>

IMPLEMENTING

The consultant team is growing and so are the “implementation” offerings. We also launched two leader cohorts, made up of eight leaders each. These monthly gatherings established a trusted space for shared wisdom, respite, encouragement and accountability. Thanks to community funders, we were able to offer a Kingdom Impact Scholarship so more organizations could benefit from this rich experience.

IMPACT SPOTLIGHT

IGNITE HOPE

Made4Me builds “customized adaptations” out of industrial strength cardboard for kids with special needs. To date, they have constructed over 500+ adaptations! But with growing demand, they needed help. Over the past five years, the team at Made4Me has engaged in every aspect of Mission Triangle’s offerings, from the annual assessments, to the no-cost workshops and small groups, to coaching and fee-based consulting....all the way to Shark Tank 2022!

And as a result of countless hours of hard work and dedication, their budget has grown 5X and the number of lives impacted right along with it. Specifically, as a result of Shark Tank 2022, Made4Me has greatly improved their construction workshop (no longer a garage!), streamlined volunteer participation, and increased community engagement.

“We can directly correlate our growth as an organization and as individuals to the training time, advice, love, and prayers given to us by our friends at Mission Triangle.” – John Mainey, ED

KINGDOM IMPACT

Metrics matter, and while they may be impressive, the real value lies in the innumerable lives served by each nonprofit & the Kingdom impact represented by these numbers. Thank you for standing with us to ignite hope.
